Dear Prof. Kirill Vladimirovich Semenov,

I would like to take this opportunity to extend my sincere thanks for the participation of your teachers and students in the Thailand International Science Fair 2017 (TISF2017). Their enthusiasm and active participation have made the event even more productive and enjoyable. Their visit has widened our students' global perspectives in both science and culture.

We hope that their visit was most beneficial and successfully achieved their objectives as well. The event was a great success and would not have been without your support. Our organizing team was very much impressed by your teachers' and students' participation.

I do believe that the relationship between our two schools would continue to grow and result in further collaborations in areas of our mutual interests.

Thank you very much once again and we are looking forward to welcoming teachers and students from Advanced Education and Science Center of Moscow State University (The Kolmogorov School) again at our next event.

Yours sincerely,

Yuvadee Nakapadungrat, Ph.D.
Principal
